

Clergy Workshop Series Follow-up Questionnaire June 2007

***Sharing Your Wishes* and the Allegany/Western Steuben Rural Health Network are planning a workshop for Faith Leaders for the Fall of 2007. Your responses to this Follow-up Questionnaire will help us in preparation for this program.**

OVERVIEW

The following is an evaluation tool being disseminated by the Allegany/Western Steuben Rural Health Network's *Sharing Your Wishes* Program. We are interested in learning what changes participants have made in regards to Advance Care Planning within their work environments as a result of their attendance at the February/March six-week Clergy Workshop Series.

GOALS OF THE *SHARING YOUR WISHES* PROGRAM:

- Increase awareness and provide education for the older adults and their caregivers, both individual and professional, about the importance of planning ahead for their health care in the event that they are unable to make their own health care decisions.
- Stress the importance of having meaningful conversations with family as well as medical providers, clergy and others involved in care at the end of life.
- Provide assistance with the Advance Care Planning process including completion of Advance Directives (Health Care Proxy forms, Living Wills and/or DNR (Do Not Resuscitate) forms).

GOALS OF EVALUATION

- Determine what behavioral change participants who attended the Clergy Workshops have made in within their faith communities.
- Solicit input from participants about the need for additional programming to support their communication on end-of-life issues.

To improve the health and wellness of our community by collaboratively identifying unmet needs and gaps in services, and serving as a catalyst for program development and improvement.

Clergy Workshop Series Follow-up Questionnaire June 2007

Dear Faith Leader:

Thank you for attending the Clergy Workshop Series in February/March, 2007, sponsored by *the Sharing Your Wishes* program and the Allegany/Western Steuben Rural Health Network, Inc. The *Sharing Your Wishes* program is conducting a follow-up to the workshop, seeking your advice on how to be more supportive of the faith-based community with regard to the Advance Care Planning process.

Questions:

- 1.) What do you recall most from the Clergy Workshop Series?

- 2.) Did the sessions raise your awareness about the Advance Care Planning process?
Yes/No

- 3.) Has your interaction with your parishioners/others changed as a result of the Workshops? Yes/No
If "Yes," how or what has changed?

If "No," why not?

- 4.) Have you considered changes in the way you might be of assistance to others since the workshop, but have not been able to implement the change? Yes/No

If "Yes," what barriers or obstacles have prevented you from making the change?

- 5.) What are/would be the benefits of your knowledge about the Advance Care Planning process in your communication with your parishioners/others?

To improve the health and wellness of our community by collaboratively identifying unmet needs and gaps in services, and serving as a catalyst for program development and improvement.

6.) Have you had any discussion with others about Advance Care Planning? Yes/No

If “Yes,” with whom and about what?

7.) After attending the workshop, did you seek out any new resources to help you working with others regarding end of life issues`?

8.) What could the Sharing Your Wishes program do to further support your communication/assistance with your parishioners/others?
